ABOUT US

IQEMS is in service since 2½ decade as Quality and Environment Management consultant. Established as a knowledge partner to help individual and organizations to control their destinies by working on specific trainable abilities and by establishing a self-perpetuating process of culture reinforcement. It strengthens the clients vision and values.

The goal of IQEMS is to sharpen the focus on companywide programme to bring a cultural change through team building and developing a common language. This in turn reinforces the learning curve of Business Excellence.

OUR MISSION

Our Mission is to provide effective, competitive, result oriented & practical Business solutions to the client for optimizing their results & maximize (ROI) return on investment and ultimately achieve set Business Goal.

OUR POLICY

We are committed to achieve “EXCELLENCE” in training, consultancy & inspection services and strive to enhance the efficiency & competency of our customers to their utmost satisfaction through continual improvements.

SCOPE OF SERVICE

Provide Training & Consultancy services on Management System Standards (QMS/EMS/OHSAS/FSMS/ ISMS / Energy Management/ External Safety Audit/Energy Audit/Fire Audit) and other related services as required by the Customers throughout the Country.

THE WAY WE DO OUR JOBS

We help you transform your business so that it responds quickly to ever - changing levels of competition, customer expectation and market flux.

This means rethinking how processes, people and information can be integrated across your Company. Replacing them with flexible, scalable, productive & cost effective processes by utilizing International Management System Standards and Best Practice tools.

We apply the domain expertise to understand the critical issues facing you business & offer proven modules & comprehensive services that streamline processes & reduce complexity of operations. More importantly they are tailored to reduce costs & take your business to a new level of competitive advantage.
